

# Quality Policy for Glazing Vision Ltd

The Organisation strives to be Technical Experts in the design, manufacture and supply of precision engineered, architectural rooflights for residential and commercial buildings. It is committed to:

- Promoting the culture of continual quality improvements and the philosophy of getting things "right first time".
- Rigorously controlling and continuously monitoring all projects undertaken from specification through to completion.
- Developing, implementing, measuring and reporting the effectiveness of the management system through measurable objectives.
- Promoting the quality management systems and ensuring implementation is achieved by internal auditing, management review, corrective and preventive action.
- Enhancing the skills of management and staff through review and actively pursuing an on-going training policy, the objective of which is to prepare staff to perform their work more effectively.

It is the responsibility of everyone to implement the quality policy and the procedures of the company and for maintaining high standards.

13th March 2014

Jon Shooter

Managing Director
