

This is a fixed installation all connections should be carried out by a competent person.

A mains supply must be available on site when the unit is installed otherwise it may not be possible to fully commission the rooflight. Additional visits will incur additional charges.

The control switch must be installed for maintenance reasons even when connecting a BMS.

**Cables exit from the underside refer to kerb drawing 405-ASS-405 for detailed exit position

All optional items must be specified at time of order
